Office Supplies – IFB No.-26 -OS

1. Need previous bid tabulation?

   We are unable to provide the past bid tabulation. Head Start of Greater Dallas, Inc. is a private non-profit organization and not a government entity. We are not subject to public information disclosure requirements. Additionally, previous bid data is not relevant to the current solicitation, as specifications and pricing may vary over time.

2. Need physical samples or, if that is not possible, color photographs of each product?

   It is not practical to provide physical samples or color photographs for each product listed in the Invitation for Bids for office supplies (page 10-14). The item descriptions are clearly specified. Experienced suppliers should be able to understand the requirements based on this information.
